Subject: Special Nuclear Materials License Registration

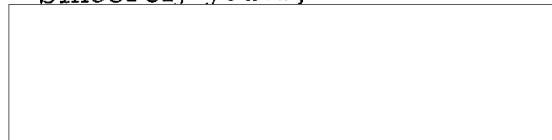

Dear Tom:

Recent changes in U.S. Atomic Energy Commission regulations require that you have contained in your files, verification that anyone to whom you may ship special nuclear materials does indeed have a license to possess them. As we occasionally receive such material from you, this letter is written to satisfy the regulation. We do possess USAEC Special Nuclear Materials License No.  with an expiration date of October 31, 1973.

STAT

Further, as we occasionally must ship such materials to you, it is necessary for you to supply us with a similar verification letter if you have not already done so.

Sincerely yours,

STAT

President
